# QUICK RELIEF OF ANNUAL MEETING

Was Surprising — Inflammation Reduced in a Few Hours and Cure Soon Followed - Boy's Torture had Been Intense for Years -Friend's Child had Eczema, Too.

#### MOTHER TELLS HOW CUTICURA CURED BOTH

"When my boy was six years old, he suffered terribly with eczema. He could neither sit still nor lie quietly in bed, for the itching was dreadful. He would irritate spots by scratching with his nails and that only made them worse. A doctor treated him and we tried almost everything, but the eczema seemed to spread. It started in a small place on the lower extremities and spread for two years until it very nearly covered the back part of his leg to the knee.

"Finally I got Cuticura Scap, Cuticura Ointment and Cuticura Pills and gave them according to directions. I used them in the morning and that evening, before I put my boy to bed, I used them again and the improvement even in those few hours was surprising, the inflammation seemed to be so much less. I used two boxes of Cuticura Ointment, the same of the Pills and the Soap and my boy was cured. My son is now in his seventeenth year and he has never had a return of the eczema.

"I took care of a friend's child that had eczema on its face and limbs and I used the Cuticura Soap and Ointment. They acted on the child just as they did on my son and it has never returned. I would recommend the Cuticura Remedies to anyone. Mrs. A. J. Cochran, 1833 Columbia Ave., Philadelphia, Pa., Oct. 20, 1909."

#### FOR SKIN HUMORS

Torturing, disfiguring patches of humor on the skin, scaip or hands are instantly relieved and speedily oured, in the majority of cases, by warm baths with Cuticura Soap and gentle anointings of Cuticura Ointment. For eczemas, rashes, itchings, irritations, inflammations, dandruff, dry, thin and falling hair, for sanative, antiseptic cleansing and all purposes of the toilet, these pure, sweet, gentle emollients are unrivaled. ## MANAGER LAWLOR STARTS WEEDING

Pitchers Archer, Jackson and Stone Will Be First Twirlers to Go.

Manager Lawlor will probably commence weeding out his squad this afternoon, when Pitchers Archer, Jackson and Stone will be let go. Neither Jackson nor Archer has been able to get in form, and Stone has not had enough experience to be tried out in the league. It is expected that Archer and Jackson will locate with some team and they will be assisted by the local management. No other releases will be handed out for several days.

be handed out for several days.

Six pitchers will be left in the local squad, and they will all be carried probably for several weeks. John Waymack, who has not shown up to advantage, went to a physician a day or two ago and was found to have a twisted ligament in his pitching arm. He is recovering from the injury and was in better shape in practice yesterday than he has been at all. Revelle, of course, and Peterson seem to be fixtures for the pitching staff, but it fixtures for the pitching staff, but it is a toss-up who the other regulars will be.

Verbout has undoubtedly shown better form than any of the others, and

Lale has been doing well since he got
here. Brooks complains of a gore arm, and will be given plenty of time to get in good trim. Verbout and Peterson will be used this afternoon against the Americans, and Tem Messitt will probably be behind the bat for the first time this season.

The inherent progressiveness of the Burk Institution is registered most ostensibly in its clothes production, and this season in a greater degree than ever. The summit of perfection has been reached in the truly magnificent creations for the spring and summer of 1910-garments that are replete with the highest attainments of the best skilled designers, cutters and workmen. Never have been attained such graceful drape and outline as revealed in the various models-never been equaled such perfection in fit and set of collars and shoulders, nor have patterns and fabrics ever appeared to such excellent advantage as presented in the finished garments. , It is to the man of tailoring ideas and of tailoring habits, with all the attending extravagance of outlays that this elegant apparel appeals so eloquently.

Street Rallway and Light Properties in Staunton to He Extended. (Spocial to The Times-Dispatch.) Staunton, Va., April S.—J. M. Spotts, president, and practically owner of the Bine Ridge Light and Power Company and the Staunton Lighting Company, the former capitalized at \$125,000 and the latter at \$50,000, has effected arrangements with Banker, Ayling & Co., bankers, of Boston, to finance bonds on the lighting plant sufficient to provide funds to greatly extend both the street railway and lighting properties. Philip Young, of Boston, one of the firm; N. B. Seabrease, manager of the Philadelphia office: Joseph A. Slattery, attorney, and H. T. Hartman, the engineer, are here, and they passed finally on the papers to-day, and tho money will be forthcoming at once.

Mr. Spotts states that most of the bids for new apparatus have been received, and contracts will be placed not later than Monday, for a large boller with stack, heater and pumps, a fine modern switchboard and electric generators of capacity equal to 15,000 16-candlepower incandescent lamps, or about twice the number now in use in Staunton. The whole building will be made fireproof, the lines extended, new cars purchased and much of the old track replaced.
